MICHAEL J. LOCIGNO, JR.

Principal

EDUCATION

University of Illinois at Urbana-Champaign

Master of Architecture | 2002

University of Illinois at Urbana-Champaign

Bachelor of Science in Architectural Studies | 2000

EXPERIENCE

Since joining KGH in 2002, Mr. Locigno has developed expertise in the evaluation and restoration of building enclosure systems. He has experience working on various types of building, including vintage and modern high-rise buildings and modern low-rise developments. Mr. Locigno has evaluated the condition of nearly all types of masonry facades, window and door assemblies, exposed concrete structural assemblies, and roofing systems. He has also conducted testing studies for water infiltration associated with window and door assemblies and exterior wall claddings.

In addition to his investigation work, Mr. Locigno also develops restoration and maintenance programs for building enclosure systems. He has recently been involved with exterior façade restoration projects including reinforced concrete, brick masonry, terra cotta, and limestone claddings. In addition, he has developed programs for roof membrane replacement and window and door unit replacement.

During the implementation of repairs, Mr. Locigno performs field observation and contract administration services to evaluate and document the progress of the work.
